

Texas Chapter of International Public Management

Association for Human Resources

**PRESIDENT’S AWARD
2017 Nomination Form**

The Texas Chapter of International Public Management Association for Human Resources (TX IPMA-HR) would like to recognize outstanding HR Professionals in their innovative ideas, initiatives, and contributions to the HR industry. TX IPMA-HR has established the **President’s Award** to encourage and recognize innovation in human resources management. The **Award** recognizes a human resources professional/department who has made significant contributions to the field of human resources management in the past 18 months.

Nominations may be made on behalf of yourself or someone else you believe is deserving of the **Award**. No more than three (3) names may be submitted by one individual.

- The **President’s Award** will be based on program initiatives, accomplishments, and contributions within the eighteen months immediately preceding the nomination
- Winners will be selected based on their HR practices and initiatives that have been measured and deemed successful through evidence-based, data-driven analyses
- The **Award** recognizes the following attributes:
 - How the project, initiative, organization, or individual contributed to or applied human resources competencies and the body of HR knowledge
 - The potential applicability of the project or initiative and its contributions to others as a best practice model or exemplar
 - The creativity and innovation demonstrated by the project, initiative, organization, or individual

The **Award** is designed to cover the cost of one year membership in TX IPMA-HR for the recipient and to cover the cost for the recipient to attend the local, regional and/or international IPMA-HR conference up to \$1,000 within the year following the acceptance of the **Award**.

Applications should be submitted by **June 23, 2017** to Trinh Bartlett, City of Austin at: trinh.bartlett@austintexas.gov

All entries become the property of the Texas IPMA-HR chapter.
